**'pick and pluck' customizable foam inserts**

Made of 2.0 lbs polyester foam, these three-piece sets of customizable foam inserts include a pre-scored 'pick and pluck' layer. This layer consists of three-quarter inch foam squares that can be plucked out in various configurations to accommodate the contents of the case.

- available for :
- 628 pro**case**
  - 629 weekender**case**
  - 632 mini\_brief**case**
  - 634 max**case**
  - 636 folio**case**
  - 637 lunch**case**
  - 638 utility**case**
  - 639 attache**case**
  - 640 tech**case**
  - 641 mini\_kit**case**
  - 642 kit**case**

**'eggshell' foam layer**

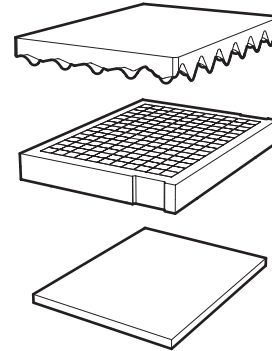

Custom fit for every case, this convoluted foam layer adapts itself to the contents of the case.

**customizable 'pick and pluck' layer**

Consists of a pre-cut layer of pluck-out foam squares, each measuring 0.75" x 0.75".(19mm x 19mm)

**bottom layer base pad**

Sits underneath the 'pick and pluck' layer and serves as a protective base pad.

**638 utility**case**, 065-navy**

client : TITAN EYEWEAR  
 details : Sales kit for sunglasses

**custom foam inserts**

Because sometimes a 'pick and pluck' solution won't do, Plasticase can also develop custom inserts specifically suited to your needs.

The picture at right shows a custom-developed foam insert for a fiber optic verification kit.

available for : All products. Please inquire with a Plasticase sales agent.

**a way to stand out**

What better way to make a mark than to have your company's logo printed in full color and detail on one of our cases? Our silk-screen printing department can personalise your cases to bear your image and message.

Silk-screen printing is the technique used to print images on t-shirts, and can yield stunning results when applied to a plain plastic case, as some of the samples shown here demonstrate.

Call us today and find out how we can help your company distinguish itself from the competition.
