

DESIGNED FOR PROTECTION.

NANUK™ cases are designed to protect the most sensitive equipment in the harshest environments. Whether transporting your gear through the Amazon jungle or across the planet's most punishing terrain, every detail of NANUK™ has been refined and perfected to offer the utmost in protection and performance. From our high impact NK-7 resin to our PowerClaw latches, NANUK™ has been engineered and manufactured to stringent military specifications to surpass the needs of the most demanding users.

These virtually indestructible, light, waterproof cases (IP67 rated) offer the ultimate grade of protection in a variety of sizes, configurations and colors. Complemented by a large selection of optional accessories and an incredible degree of customizability, NANUK™ is the best choice to move your equipment in complete security. Whether transporting valuable equipment around the world or simply protecting sensitive tools in the urban jungle, NANUK™ is up to the challenge.

- Mil-spec impact resistant NK-7 resin
- Pad lockable
- Shoulder strap attachment
- Soft grip foldable handle
- Integrated lid stay
- Stainless steel hardware
- Limited Lifetime warranty

DESIGNED FOR
ADVENTURE

The NANUK™ ADVANTAGE

POWERCLAW LATCHING SYSTEM
US patent 8,297,464

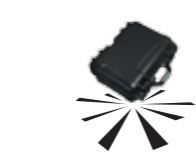

The patented Powerclaw latches are engineered to keep the case tightly closed using compressive force while the integrated slide lock prevents the case from opening during transport or when dropped.

WATERPROOF IP67 RATED

The waterproofing seal used in all NANUK™ watertight cases is custom designed to fit our products. The seal is designed to resist deformation and fatigue, ensuring a long lasting watertight seal.

IMPACT RESISTANT NK-7 RESIN

With rounded corners, thick wall construction and oversized details, NANUK™ durable hard sided cases are built to absorb the shocks without damaging the case or more importantly your gear.
